

NOTICE!

Tailoring Department

We have one of the largest and most complete stocks of French and Continental in the city. Suits made to order from \$8.00 up. A good fit guaranteed.

UNDERCLOTHING:

A large and well selected stock to choose from, and very cheap.

CARPETS:

Our Carpet and house furnishing department is now complete, and one of the largest in the city. N. R. - Please call and examine our stock. No trouble to show goods.

GLASGOW WAREHOUSE.
JAS. W. DUNNET.

Belleville, Sept. 30, 1887.

Daily Intelligence.

BELLEVILLE, TUESDAY, OCT. 4.

A New Accident.

Mr. Geo. A. Brown was yesterday by the unexpected term of the late Frederick Frost.

Illness of a Cow.

John Starin charged a lady named James Phillips with beating and ill-treating a cow so that it died of its injuries. The defendant was dismissed, as the charge could not be established.

Personal.

Mrs. Ingram is visiting friends in Rochester, N. Y.

Mr. Douglas, the well known evangelist, will visit Belleville next Sunday.

TEMPERATURE.

As registered by Dr. Hall's Self-Registering Thermometer.

Tuesday, Oct. 4.

Maximum 60; minimum 45.

Barometer 30.50.

New Telephone.

The local agent of the Bell Telephone Co., have added the following to the list of subscribers: N. S. Morden & Co., Druggists; Geo. Sherry, barkeeper; Kyle House; and S. Burrows, insurance agent.

A Good Orchestra.

There was a good orchestra at the Opera House last night under the able leadership of Fred. Ochslepp. His young daughter, just in her teens, who inherits her father's musical ability, treated at the piano.

New York Excursion.

The excursion to New York under the auspices of the Library Association attracted a number from this city. Between 10 and 15 went on the Harco and a number of others took the Grand Trunk at noon.

Early Closing.

The drug stores are making another effort at early closing. They tried it last spring, but one of the druggists quietly kicked over the traces and the movement failed. Paragon and cooking syrup must now be procured before 7 o'clock.

Agricultural Society.

The Bay of Quinte Agricultural Society will meet at the City Hall at 3 p. m. on the 13th inst. to wind up the affairs of the late exhibition and lay the foundation for next year's exhibit. All directors and others interested are expected to be present.

Filling the Trenches.

Hardly a day passes but the confidence of the people in the integrity of the Water Works Company strengthens. The earth in the trench on Hotel street had sagged so much the recent rain had danger holes were appearing and the water was sent to report the street. A number of crossings on the same street which were removed in pipe laying are ready made during wet weather.

Avoid Blisters on Grey Hair.

Use Dr. Dorenwender's Great German Hair Margine. It keeps the scalp clean and free from dandruff and promotes the growth of the hair. It prevents premature graying and stops any falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Margine. It is the only reliable. For sale by all druggists in Belleville and all parts of Canada.

When Baby was sick, we gave her Castoria.

When she was a Child, she used for Castoria.

When she became a Girl, she used for Castoria.

When she had Children, she gave them Castoria.

Children Cry for Pitcher's Castoria.

Children Cry for Pitcher's Castoria.

Reported Typing.

It was reported this morning that ex-Ald. A. L. Smith, J. P., was dying.

PROBABILITIES.

TORONTO, Oct. 4.—Strong west and north-west winds; generally fair weather, with a few local showers; stationary or a little lower temperature.

Market Weight Scales.

The communication of Mr. W. Johnson, Inspector of Weights and Measures, to the Council last night, was timely. There is lack of accommodation at the weighing counter, and his suggestion to add two more scales, which would lessen the haste and consequently lessen the liability for error in weighing, is worthy of adoption.

Police Record.

Philip Boles, drunk and fighting, enlarged until to-morrow.

Thos. Young, drunk, discharged.

John Woodson, a practicing lot of 16, for trespass on the Grand Trunk, was sent up for 5 days. He makes a proposal which is lost on sympathetic ears. That is if he will let his wife and child and himself live in the work in which the boys may play ball, but they will get into trouble if they try it on the 7th day.

Sunday Day Flying.

Five Boys Fined for this kind of Fun.

Geo. Wallace, Jas. Wallace, Dennis Fitzgerald, Geo. Gibson and Wm. Waters, were charged in Police Court this morning with playing baseball on Sunday. Each boy was fined \$1 and \$1.50, or 5 days in jail. There is a good deal of this kind of business going on, and the Magistrate is going to put a stop to it. There are no other days in the week in which the boys may play ball, but they will get into trouble if they try it on the 7th day.

At Last.

The iron bridge for the Lower Bridge has arrived from St. Louis.

That dilapidated structure, the lower bridge, is about to be braced up and made to look like something. It has long been sagging down between the piers, but a change is to take place. The town fathers, for which the Public Works Committee has been waiting all summer, arrived from Belgium yesterday. Now the material is at hand there is no reason why the repairs should not be promptly made. Aid. Falkner voiced the sentiment of a large number of interested parties when he said in the Council chamber last night that the bridge was time to drive over.

Lucretia Borgis.

Miss Claire Scott Establishes her Popularity.

A serious prejudice has been created during the past season in the minds of Belleville theatre goers against dramatic entertainments at popular prices, because of inferior performances given under false pretences. The Taverniers and the Gardeners were popular. They gave good performances. The same cannot be said of others that followed thick and fast afterwards, and it is not surprising that the appearance of Miss Claire Scott at the theatre popular prices should attract so little interest. Lucretia Borgis, the fair house last night, but this will mend as the historic shillitoe Miss Scott and her supporters become known. That Miss Scott caught the fancy and pleased her audience, was evinced by her being twice called before the curtain. Mr. S. K. O'Brien, the Gennaro, a soldier of fortune, who has his triumph and was called out. The support was good throughout. Those who had the good fortune to hold seats were delighted with the entertainment. Miss Scott's worth of crowded house. Leah, the Forsaken will be given tonight. Mary Queen of Scots to follow next night.

A Narrow Escape.

BORNE AND HINDER THE WATER WORKS TRENCH.

About six o'clock last evening Mr. J. W. Murray, manager of the local branch of the Dominion Bank met with an accident in which he had a narrow escape from serious injury. He was riding down Dundas Street on his spirited saddle horse when he came to the large iron culvert where the water works company for heating lead for pipe laying. There was a man under it and the horse was there. He urged it by and turned to scotmouth to the scene, where he was shot up. The animal took to backing and unmanageable of the spur, went into the trench. Mr. Murray dismounted himself and fell on the pipe. He sprang away and in another moment his horse was on its back in the narrow excavation. His escape was marvellous and due to his activity, else the horse would have fallen upon him. Help was soon secured and six or eight men worked for two hours excavating earth before the horse was liberated. It was bruised somewhat, but the veterinary thinks that with proper care it will fully recover. The animal, a fine bay, is valued at \$400.

Trenching.

There have been three or four cases of trenching in the last few years. Being a man of average size I got a trenching in the last year. I have only used part of it. I do not believe to trenching is the best remedy for kidney troubles. It is a very easy and pleasant in giving relief. It is a very easy and pleasant in giving relief. It is a very easy and pleasant in giving relief.

Yours Truly.

JOSEPH E. BAKER and Co. Stationers.

HERE MENTION.

Stocks of Perian and Sultana cigarettes; or sale by S. McCullough.

Those who have tried, say that the very best American Cold Oil is to be got at home.

East India Tonic Bitters is a good tonic and Blood Purifier and contains one of the best known remedies for kidney troubles.

I have taken, while the price was low, bottles of Ayer's Sarsaparilla, and it is a system. I am convinced that its preparation is the best. It is a very good medicine. Dr. C. C. Congdon, of Chicago, has written a book on the subject.

Municipal Legislation.

City Fathers in Short and Friendly Conference.

THE SUMMER BREAKFAST—MARKET STREET.—THE COUNCIL COME TO THE COUNCIL CHAMBER.

A regular meeting of the City Council was held last evening, Mayor Huggins presiding. The aldermen present were: Porter, Macoun, Diamond, Keith, Pringle, Collins, Roever, Bager, Anderson, L. Johnson, Lester, Peter, J. W. Johnson, Lott, Smeaton, Falkner.

From H. Pringle, deputy returning officer for Coleman Ward, reporting the election of Geo. A. Brown, Esq., to fill the unexpired term of the late Ald. Frost.

From Mrs. John D. Ham, of Newburg, thanking Mr. R. Tanshill, City Treasurer, for \$202 for aid of expenses by fire.

From Geo. Thomas and other butchers objecting to farmers and other small dealers entering meat on the market. The practice had not reduced the price of meat and the parties complained of, by being allowed to cut meat, avoided paying the market fee. The butchers, the petition stated, paid taxes and some leased stalls from the city. They were willing to pay an additional fee provided it was imposed upon all who cut meat. They do not object to farmers selling meat by the quarter.

From Mr. Wm. Johnson's relative to complain of the inaction of the new platform weighing scales. He had examined the scales in question and found them correct except that the knife was worn and the beam was rusty in its motion. He recommended that new scales be purchased for weighing butter and two platform scales for heavy produce.

From Mr. T. C. Boulger, P. L. S., calling attention to the plans and profiles of the city prepared for drainage purposes and submitting his account of \$200.

From Alex. Anderson relative to fire alarm system, offering the same to the city for \$40 per box.

THE SUMMER BREAKFAST—MARKET STREET.—THE COUNCIL COME TO THE COUNCIL CHAMBER.

A regular meeting of the City Council was held last evening, Mayor Huggins presiding. The aldermen present were: Porter, Macoun, Diamond, Keith, Pringle, Collins, Roever, Bager, Anderson, L. Johnson, Lester, Peter, J. W. Johnson, Lott, Smeaton, Falkner.

From H. Pringle, deputy returning officer for Coleman Ward, reporting the election of Geo. A. Brown, Esq., to fill the unexpired term of the late Ald. Frost.

From Mrs. John D. Ham, of Newburg, thanking Mr. R. Tanshill, City Treasurer, for \$202 for aid of expenses by fire.

From Geo. Thomas and other butchers objecting to farmers and other small dealers entering meat on the market. The practice had not reduced the price of meat and the parties complained of, by being allowed to cut meat, avoided paying the market fee. The butchers, the petition stated, paid taxes and some leased stalls from the city. They were willing to pay an additional fee provided it was imposed upon all who cut meat. They do not object to farmers selling meat by the quarter.

From Mr. Wm. Johnson's relative to complain of the inaction of the new platform weighing scales. He had examined the scales in question and found them correct except that the knife was worn and the beam was rusty in its motion. He recommended that new scales be purchased for weighing butter and two platform scales for heavy produce.

From Mr. T. C. Boulger, P. L. S., calling attention to the plans and profiles of the city prepared for drainage purposes and submitting his account of \$200.

From Alex. Anderson relative to fire alarm system, offering the same to the city for \$40 per box.

The butchers' petition and Mr. Boulger's account were, through Ald. Porter, laid on the table. The other communications were referred to committees.

Executive, Market, and Public Works Committees reported.

Ald. Porter, in speaking to the petition of the butchers, said that a by-law touching the petition complained of in the petition had been referred to the By-Law Committee, but had not been heard from.

Ald. J. W. Johnson, Chairman of the By-Law Committee, said the By-Law had never been received by his Committee. The petition was referred to the By-Law Committee.

Ald. Lester asked if there was any one on look after cattle which were allowed to roam at large on the streets?

Mr. Craig caught "Hail Columbia" for a few minutes, until Ald. Macoun came to the rescue, saying that Mr. Craig had recently composed his people in following a cow, and many who knew of the circumstances took advantage of it, by turning their cattle out.

Several aldermen thought the Geo. Constable's law was indifferently performed.

Ald. Anderson asked if the Water Works Company had been notified of the dangerous condition of Hotel Street? He thought if their attention were directed to the danger, the matter would receive prompt attention.

Ald. Macoun said he had noticed the settlement along the trench on Hotel Street, and notified Mr. Shannon in the morning, and noticed in the evening that the most dangerous places had been filled up.

A by-law authorizing the City Treasurer to draw \$15,000 from the sinking fund to meet the \$15,000 railway debenture falling due on the 8th inst. was read.

Ald. Diamond said, although but \$18,000 were required for the debentures there were expenses consequent upon advertising, laid for sale for arrears of taxes which were provided for in the estimates. When the lands were sold the money used for advertising would be taken from the proceeds and returned to the sinking fund. He thought this no more than right as money required for arrears taxes had been put in the sinking fund.

Ald. Falkner was in favor of drawing out the \$15,000. Five hundred of the extra thousand would be needed for repairs on the lower bridge. That structure was dangerous and an accident was liable to happen at any time.

Ald. Smeaton said Ald. Falkner was an alarmist. The bridge he thought was here. He thought the sinking fund which was for a specific purpose should not be used for any other purpose.

Ald. Falkner objected to being called an alarmist. There were families living in West Belleville who would not drive over the lower bridge for fear of an accident.

Ald. Anderson was opposed to drawing more than \$18,000.

Ald. Collins said the Finance Committee looked well after the interests of the city. If the money was not needed it would not be drawn.

Ald. J. W. Johnson moved in amendment to the report that \$15,000 be drawn. The amendment was voted down and the report carried. The By-Law was passed and numbered.

Ald. Falkner asked to have his motion for a committee to enquire into the harbor dredging stand over. He would have the committee appointed later in the season, as it was important.

Ald. Petrie and Collins moved that a reward of \$10 be offered for the apprehension of the party or parties who destroyed the pump at the corner of Dundas and Pinnacle streets.

Ald. Falkner gave notice of a by-law to amend the cow by-law.

Ald. Diamond gave notice that he will move a resolution requiring the clerk to attach the council seal to all orders and warrants issued by the council.

January last, the amount of fines collected, the amounts paid, the amounts unpaid, and the delinquents listed.

The Council adjourned.

ON the corner of Catherine and Ymca streets, West Belleville. Apply to Mrs. J. H. COLEMAN, City.

ON the corner of Catherine and Ymca streets, West Belleville. Apply to Mrs. J. H. COLEMAN, City.

Hope.

Saturday's Bulletin says: The engagements for to-day's (Saturday) steamer, will, it is understood, bring the total shipments for the first month of the new season up to 1,800 bales. Of this quantity a good portion goes in the form of sample lots or "voiders." As yet there is a variety of reports as to the opinion formed abroad of our choice shipping goods, and the probabilities are that nothing in the way of extensive orders will be sent this way until the later shipments are received and looked over. However, some signs are detected of an export trade before long that will be worth talking about. For example, more than one shipper intimated that over a little more than 20 cents would be paid for a strictly first-class article to-day, while London cables suggest a hardening tendency to the market there for choice goods. Messrs. Sulima, Jackson & Gulland, London, cabled yesterday as follows: "For choice hosiery the market continues firm, with fairly active demand. Choice shawls, \$5.10 to \$5.15; English, \$3.00 to \$3.25; for fine qualities, and \$2.10 to \$2.40, for medium qualities." Cables from the German market were also of increased interest there on choice goods. Choice Bavarian and Bohemian have been sold at 300/100, here with the past few days, and 180/100, in bond is now quoted for good to choice qualities. The purchasers at 90, in Copenhagen, referred to yesterday, took in about 400 bales, and a good sized quantity was made to-day by an exporter, the particulars of which add not to transpire.

4369-4371-4373-4375-4377-4379-4381-4383-4385-4387-4389-4391-4393-4395-4397-4399-4401-4403-4405-4407-4409-4411-4413-4415-4417-4419-4421-4423-4425-4427-4429-4431-4433-4435-4437-4439-4441-4443-4445-4447-4449-4451-4453-4455-4457-4459-4461-4463-4465-4467-4469-4471-4473-4475-4477-4479-4481-4483-4485-4487-4489-4491-4493-4495-4497-4499-4501-4503-4505-4507-4509-4511-4513-4515-4517-4519-4521-4523-4525-4527-4529-4531-4533-4535-4537-4539-4541-4543-4545-4547-4549-4551-4553-4555-4557-4559-4561-4563-4565-4567-4569-4571-4573-4575-4577-4579-4581-4583-4585-4587-4589-4591-4593-4595-4597-4599-4601-4603-4605-4607-4609-4611-4613-4615-4617-4619-4621-4623-4625-4627-4629-4631-4633-4635-4637-4639-4641-4643-4645-4647-4649-4651-4653-4655-4657-4659-4661-4663-4665-4667-4669-4671-4673-4675-4677-4679-4681-4683-4685-4687-46

PROBABILITIES.

Toronto, Oct. 12.—Strong winds; and moderate rains from the southwest and northwest. Generally fair weather, with a few showers. Stationary or a little higher temperature.

Cell at the Queen's.

Ladies and gentlemen in want of a nice head of hair, should not forget that Prof. Doremund will be at the Queen's Hotel on Oct. 12 and 13. Every one should go and see his new styles.

Madison Races.

Two Days of Good sport on Wm. Cox's Track.

The Mulder race on Wm. Cox's half-mile track attracted a large number of spectators on Tuesday and Wednesday. The events on Tuesday were a running race between Kerry's Victor, Madam, Lady MacDonald, Colborne, Brown George, Peterboro, and Roy Tom.

Victor led, Lady MacDonald 2nd, Brown George and Roy Tom 3rd.

The 24th race was won by Victor, Roy Tom 2nd, and 3rd by Brown George.

Matched running race, between Brown George of Peterborough, and Lady MacDonald of Colborne.

The entries in the open race were James Thomas 1st, Colborne, Wm. Cox's Victor 2nd, and Mr. and Mrs. Roy Tom 3rd.

Billy Tom 1st, Colborne 2nd, and Roy Tom 3rd.

Chosenman's race, Annie McGarrig's, Brown George, Annie Darnum, and Brimble's Cheese Factory.

Rosydy 1st, Annie Darnum 2nd, and Cheese Factory 3rd.

Life of an Actress.

The Ottawa Citizen says: The plot of "The Life of an Actress" is a story of a young woman's life in the theatre.

The young girl doubts her love, and in despair volunteers active service abroad.

Things come to a climax. The villain arranges a plot, and by means of a note, obtained from Lord Arthur in a drunken moment, secures the actress's return.

Tablino—Victor in the villain's power. Oppium. At the critical moment, Victor's father, through a chance, secures the actress's return.

Lord Arthur arrives in the nick of time, and the villain is driven to his heart's content.

As Victor, the abducted actress, Miss St. John, did complete justice to the author. She carefully avoided extremes and gave a quiet, constant rendition of the part. Her voice is "sweet and clear," her expression pleasing and her acting powerful beyond description.

Mr. G. M. Wood, as Grimaldi, her father, in the comedy, Roy Tom, as J. Quinton, as Lord Arthur Shafton, played a really characterful part.

Mr. F. O. Brooks made a good Sir John. The villain, who captivated the gallery, Mr. H. Leader played Captain Matthews, the villain, in rather materialistic fashion, seeming to be afraid of his own role, but his acting was finished, almost somewhat studied.

Mr. H. Ripston, in the comedy, Roy Tom, as J. Quinton, as Lord Arthur Shafton, played a really characterful part.

Mr. F. O. Brooks made a good Sir John. The villain, who captivated the gallery, Mr. H. Leader played Captain Matthews, the villain, in rather materialistic fashion, seeming to be afraid of his own role, but his acting was finished, almost somewhat studied.

Mr. H. Ripston, in the comedy, Roy Tom, as J. Quinton, as Lord Arthur Shafton, played a really characterful part.

Wedding Bells.

On Tuesday, the 11th inst., the residence of Joseph Oak, Esq., in the Township of Radnor, was the scene of one of those pleasant social events that are so common to our daily lives. The occasion was the celebration of the marriage of Miss Mary Oak, daughter of Mr. and Mrs. Oak, and Mr. William Oak, son of Mr. and Mrs. Oak.

The bride was accompanied by her father, Mr. Joseph Oak, and the groom by his father, Mr. William Oak.

The ceremony was performed by the Rev. Mr. Oak, and the wedding was a very pleasant one.

The bride and groom were both very happy, and the wedding was a very pleasant one.

The bride and groom were both very happy, and the wedding was a very pleasant one.

Wedding Bells.

On Tuesday, the 11th inst., the residence of Joseph Oak, Esq., in the Township of Radnor, was the scene of one of those pleasant social events that are so common to our daily lives. The occasion was the celebration of the marriage of Miss Mary Oak, daughter of Mr. and Mrs. Oak, and Mr. William Oak, son of Mr. and Mrs. Oak.

The bride was accompanied by her father, Mr. Joseph Oak, and the groom by his father, Mr. William Oak.

The ceremony was performed by the Rev. Mr. Oak, and the wedding was a very pleasant one.

The bride and groom were both very happy, and the wedding was a very pleasant one.

The bride and groom were both very happy, and the wedding was a very pleasant one.

AT LAST.

At QUEEN'S HOTEL on Wed'n'y & Thurs'y, OCT. 19 & 20.

I AM COMING

This time with renewed vigor, and a notably fresh stock.

My renewed stock is made for the benefit of my customers, as well as for my own health. I visited Europe for the purpose of obtaining the latest styles, and have returned with a large stock of the latest styles, and have returned with a large stock of the latest styles.

GLASGOW WAREHOUSE.
JAS. W. DUNNET.
Belleville, October, 1887.

Daily Intelligencer.
BELLEVILLE, MONDAY, OCT. 17.

Police Record.
W. J. Morrison, drunk, was fined \$2.
City Council.
A regular meeting of the City Council will be held this evening.
Electric Light.
Material is being prepared for the new electric lights that are to be put up in West Belleville.

PROBABILITIES.
Toronto, Oct. 16.—Moderate to fresh southeast to southwest winds. Generally fair and warm, with light local showers to-night.

New Invention.
Mr. Norton, an electrician of St. Thomas, claims to have perfected a dynamo by which electric light can be furnished as cheaply as gas.

Lost Their Child.
Ald. Graham, lost a little three year old daughter yesterday. It will be buried at the Roman Catholic cemetery to-morrow afternoon.

Had to Kill It.
A horse belonging to L. Shultz had his leg broken on the common roadway by a kick from Barney Conway's horse. It had to be shot this morning.

Call at the Queen's.
Ladies and gentlemen in want of a nice head of hair, should not forget that Prof. Dorenwend will be at the Queen's Hotel on Oct. 19 and 20. Every one should go and see his new styles.

A Good Deed.
A number of well inclined citizens took charge of Dr. Dorenwend on Saturday afternoon, put him in a new tweed suit, shined his boots, decorated him with a tie and collar, had him shaved, and capped it all with a new plug hat.

TEMPERATURE.
As Registered by Dr. Dorenwend's Registering Thermometer.

Monday, Oct. 16.
Maximum 50; minimum 28.
Barometer 30.50.

Monday, Oct. 17.
Maximum 54; minimum 38.
Barometer 29.98.

Life of an Actress.
Miss St. John's London Comedy Company presented the Life of an Actress to a full audience on Saturday night. The play is to be something lacking. The play is decidedly flat and uninteresting to the company. In the "Life of an Actress" Miss St. John had more scope or a character more suited to her abilities. The members of her company are light weights.

Returned from Europe.
ANDY WILL BE AT "QUEEN'S" HOTEL ON WEDNESDAY AND THURSDAY, OCT. 19 AND 20.

Prof. Dorenwend has returned from Europe, with additional ideas in manufacturing hair goods. He comes here as before, and will show all those who lack capillary adornment that his stock of styles and capillary adornments are up to date. Prof. Dorenwend is invited to call and see the new styles of Bangs, Portlands, Amanda, Petties, Lucy, Point, Frankies, and others. This hair dress is as he has to make room, has bought his raw material for cash and has made discount, and has the most improved methods of manufacturing his goods, he will sell at prices that will make it possible for every lady to wear his beautiful styles. Gentlemen with bangs should likewise not forget to call and see his fine covering (Wigs and Toupees) for the head. Remember, at Queen's Hotel, on October 19 and 20.

When baby was sick, we gave her Castoria. When she was a child, she gave her Castoria. When she became Miss, she gave her Castoria. When she had children, she gave them Castoria.

New Walk.
A new piece of sidewalk has been built down the Montreal Bank hill, on the north side. This walk will be appreciated next spring, particularly if the walk on the south side is covered with ice, as it was last spring.

That Coffin Dam.

After about two weeks hard labor the coffin dam has been built to a stage of water tightness that it has been pumped out. At least it was at that desired state on Monday, but, judged by the past it is likely to be relied upon for more than ten minutes.

Personal.

Mrs. Addie Chabolin, of Ottawa, President of the Ottawa Christian Temperance Union, is in the city, a guest of Mrs. (Rev. Dr.) Carson.

Miss Thompson, of O. A. S. is spending a few days with the Miss Hildens.

Dr. Geo. H. Boulter, of Burlington, is in the city today.

Mr. James C. Dale of Madoc, was on the streets on Saturday.

A Debt Sued.

A correspondent to the Canadian Mills Gazette says: "The lack of a much needed but still a 'rip drill' shed, is apparent in the falling off of the number of officers in the local corps. It is not alone the superintendent's exertions to keep city battalions together, when 'cabinets' are cribbed and confined in a leaky great shed."

The feeling at the 'rip drill' Belleville has been in this matter no longer confined to the militia, but the discontent is spread to the civilians, who were proud of their city corps."

"A BARREL FULL OF MONEY"

is a good thing to have, but what's good for the goose is good for the gander. The Imperial Great Tasting Powder.

Sunday's Fire.

A broken lamp maker's family home.

Jas. Kent, a carpenter living in a frame house on Coleman street near the abbey, was burned out on Sunday morning. He sat up the best part of the night with a sick child and at 5 o'clock went in the chamber to get additional clothing for the bed. He stepped through a doorway and in the fall the lamp was broken. The oil caught fire and in a few minutes the house was ablaze. But very little of the furniture was saved. The house was owned by Hugh Cooper and was insured in the Citizens' for \$400. Mr. Kent had no insurance.

Women's Missionary Society.

The annual meeting of the Women's Missionary Society of the Methodist Church is to be held in the Bridge St. Church in this city on Tuesday next. It is expected that nearly seventy-five ladies will be present, some of them coming from as far as Halifax, N.S., and as far west as Winnipeg. This meeting will be the sixth annual meeting of this useful association. The object of this society is "to engage the efforts of Christian women in the evangelization of heathen women and children; to aid in sustaining female missionaries and teachers or other special labors in connection with mission work in foreign and home fields; and to raise funds for the work of the Society."

From a revenue of \$2,016 the first year, the amount raised has been gradually increased, until last year \$11,637 was the amount raised, and we understand that this year the receipts are considerably over this amount. The sessions of the annual meeting will extend over three days, and while the forenoon and afternoon sessions will be business meetings, they will be open to the public. The evening meetings, however, will be general entertainments, and to them the public are especially invited.

423 FREDERICK ST. MONDAY, May 25, 1887.

After a long and weary journey, I have at last reached my home, and I am glad to say that I am well and happy. I have been very much improved since I left home, and I am now in the best of health. I have been very much improved since I left home, and I am now in the best of health. I have been very much improved since I left home, and I am now in the best of health.

NOTE MENTION.

Those who have tried, say that the very best American Oil is to be got at Queen's.

Two only store in town making ladies' tailor made jackets and suits to order is J. Hennessy's.

Earl India Tonic Bitters is a good tonic and Blood Purifier and contains one of the best known remedies for kidney troubles.

Dr. G. Sterling Ryerson will be at the Queen's Hotel, Belleville, on Saturday, Oct. 20, for consultation in eye, ear, throat and nose cases.

"For years I suffered from loss of appetite and indigestion, but failed to find relief until I began taking Ayer's Sarsaparilla. This medicine entirely cured me. My appetite and digestion is now perfect."—F. W. Gower, Esq., St. John's, N.B.

Mr. Russell spoke last night to a large audience in Bethel Hall on the "Jubilee." He is a forcible and persuasive speaker and by special request will give a lecture on the subject of "The Jubilee" at a quarter to eight.

GREAT PURCHASE OF HOMES.—The syndicate Store have secured a great bargain in wool. Over 500 down to pick from, at 20c. and 25c. We guarantee them worth from 15c to 25c, more than we ask. See for yourselves.—J. Patterson. (140-3).

Dr. A. W. SORESEN, the great English and American Specialist in connection with the "Pride of the Valley Medicine Company," who has been in the Dominion Hotel, where he can be consulted professionally. Consultation and advice free. "Pride of the Valley Medicine on sale at Tompkins' Drug Store. 150-306.

No other store in town offers goods as cheap. No other store in town offers goods as cheap. No other store in town offers goods as cheap. No other store in town offers goods as cheap.

Because no other merchant in town bought them as cheap. Because no other merchant in town bought them as cheap. Because no other merchant in town bought them as cheap. Because no other merchant in town bought them as cheap.

expensive in town as cheap. Their expenses are not as low as J. Hennessy's, who are reasonable reasons that he is giving the selling the cheapest dry goods in the city.

Harvest Home.
SPECIAL FESTIVAL SERVICES AT CHRIST CHURCH.

Christ Church was yesterday the scene of three hearty and happy services in connection with the festival of harvest. The edifice was beautifully decorated with grain, fruit and flowers, being in nice harmony with the bright nature of the services. The Rev. Mr. Gorman of North Gower, Carlton Co., delivered a sermon in the morning, taking for his text the following from the 13th chapter of Matt., commencing at the 27th verse: "The harvest truly is plenteous, but the laborers are few. Pray ye, therefore, the Lord of the harvest, that he will send forth laborers into his harvest." He pointed out the great need of spiritual workers, that was felt in many parts of the Dominion, but especially in the North-West.

The children's "Service of Song" by the united schools of Christ's and St. George's Sunday Schools, ended by the choir, at four o'clock, was a pleasant departure from the ordinary routine of the Sabbath School, and those who brought about the service must have felt amply repaid for the labor spent in its preparation, by the full and cheerful manner in which the singing was carried out. Rev. Dr. F. H. Hagar of St. John's and Mr. Gorman assisted the choir.

In the evening every available pew was filled and benches had to be introduced to seat a number. The pastor, Mr. Day, preached an eloquent discourse, taking for his text, "He that hath sown and weepeth, bearing precious seed, shall doubtless come again rejoicing, bringing his sheaves with him." The reverend gentleman compared the sowing of grain to that greater sowing—God's Word—in a clear and able manner. He said that as the "rain falling upon the seed gave life to the grain, so the Word and tears of the Christian's life gave an insatiable strength to true godliness. The offering through the day amounted to over \$105. The Wardens have decided to allow the decorations to remain for another Sunday.

WOMEN'S CROSS MEETING among other that from the Women's Wardens will surely cure.

Protection in England.

SPREAD OF PROTECTIONIST PRINCIPLES—FREE TRADE BECOMING FAIR TRADES.

LONDON, Oct. 16.—The Liberals are becoming embarrassed by the many signs of the spread of protectionist principles in this country. Lord Salisbury is a firm free trader, but the rank and file are becoming converted, and it is thought that many Conservative chiefs will hardly be able to resist the pressure which will be brought to bear on them. It is significant that several journals devoted to agricultural subjects, which of course are largely in provincial districts, are now fair traders. One of the number goes so far as to declare that the protectionist party is established and only wants a leader.

The protectionist announces that when they declare their policy they will compel the support of the Irish Nationalists, because protection to native industries is one of Mr. Parnell's demands. It is thought that Mr. Parnell will also be the leader of the subject in his forthcoming speeches. Nearly three years ago he withdrew from the Cobden Club, and since then he has been absorbed by the Conservatives.

Hon. Mr. Thompson to be Legal Adviser of the Commission.

OTTAWA, Oct. 16.—It is understood that Hon. Mr. Thompson, Minister of Justice, has, at the request of Sir Charles Tupper, consented to accompany him to Washington as the legal adviser in connection with the Fisheries Commission, as it is expected that many points requiring special legal knowledge will come before the commission. The appointment of Mr. Thompson will give general satisfaction and will tend to greatly strengthen the hands of Sir Charles Tupper in his important position on the commission. Mr. Thompson, in his administration of the Department of Justice, has proved himself to be one of the soundest and most thoroughly grounded jurists in Canada. In international law he has few if any equals, and his calm, clear, judicial mind, quickness to grasp a case and his thoroughness in dealing with it will be of inestimable advantage to the Canadian case before the commission.

Collision in the Gulf of St. Lawrence.

The damage sustained by Her Majesty's ship Canada in the recent collision with the barque Peasants, of North Shields, proved more serious than at first supposed. The Peasants on the 1st of October, a dark, rough night, while beating up the Gulf of St. Lawrence, heavily laden with timber, was struck amidships by the Canada. Her cargo kept her afloat, and she was ultimately towed ashore. The Canada was prevented by the strength of her water-tight bulk head forward, and managed to get to Halifax dockyard unaided. The divers there discovered her bow completely shattered, and repairs will be taken to Bermuda, where she will have the whole of her stem repaired.

A Fearful Leap.

WHILE DRUNK A MAN JUMPS FROM AN EXPRESS TRAIN.

FREDERICTON, N. B., Oct. 15.—Jos. LeRoy, white drunk, jumped off a New Brunswick train going at full speed. He was hurled head foremost along the track, and his head struck in. When found he was a ravine madman, and subsequently died in great agony.

More Deaths from Cholera at New York.

NEW YORK, Oct. 15.—There were two more deaths from cholera on Swinburn Island last night among the Alaska passengers. This brings the total deaths of the epidemic to date to twenty-eight since the Alois left Mediterranean ports.

Great Fire in Winnipeg.

WINNIPEG, Man., Oct. 16.—About 11:30 last a general alarm was sounded for a fire which had broken out in the large frame occupied by Burke & Sons, printers, 14, E. Byrd, bookbinder, and several others. In a few moments the whole building was one mass of flames, and the firemen their energies in trying to save adjoining buildings in which they partially succeeded. A high wind was prevailing at the time, and the burning debris was carried through the air, which rendered the firemen's task a difficult one. The sparks lighted out a building occupied by John A. Teas, commission merchant, fully three hundred yards away, and in a few minutes the whole building was ablaze. Doughty Bros., wholesale stationers, had a narrow escape. By three o'clock the fire was completely under control and the citizens breathed free, as at one time it looked as if the whole city was doomed to destruction. The heat was so intense that several of the firemen were prostrated and had to be carried away. The loss will probably reach fifty thousand dollars. The buildings are insured for their full value in the North British, Commercial Union and Northern, Quebec, and Glasgow and London companies.

Red River Road.

WINNIPEG, Oct. 16.—A syndicate of local capitalists, acting in connection with the City Council, has made an offer to take the entire three hundred thousand bonds of the Red River Valley Railway on certain conditions, one of which is that this amount shall secure the completion of the road. Good lawyers have declared the bonds to be legal, but whether or not people have confidence in them is the question.

Spring Intelligence.

The Torontos and Shamrocks each won three games in their lacrosse match on Saturday at Toronto.

The Detroit again whitewashed the St. Louis in a championship game at New York on Saturday. Score, 9 to 0.

LONDON, Oct. 15.—The Field of today says:—"Mr. John Jamieson, of the Irex, has communicated with the New York Yacht Club announcing his intention to compete for the America's cup next year. It is reported that Mr. Jamieson has already given orders for the building of his vessel, it being his intention that the designer, builder and crew shall be Irish. Mr. Jamieson, though an Irishman, is one of the best known yachtsmen in England, and he has a long record of being able to sail his own boat. He is a Dublin man, and a member of the well known whiskey distilling firm of that city."

Give Them a Chance?

This is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you for 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

On Sunday, 16th inst., after a lingering illness, NELLIE wife of James Campbell, aged 25 years, 6 months and 5 days.

Funeral on Tuesday afternoon at 2:30, from her sister's residence, corner of College and Guelph Streets, Belleville at 4.

In Belleville, on Sunday, Oct. 16th, MARY, daughter of Ald. Graham, aged 3 years and 9 months.

The funeral will take place from the family residence, Campbell's, at 5 p.m. on Tuesday, 18th inst., to the Catholic Cemetery.

In Clinton, on Tuesday, Oct. 11th, HANNEY AGNES, beloved wife of John Harvey, formerly of this city, aged 58 years and 11 months.

Great Fire in Winnipeg.
THE WHOLE CITY WAS A MASS OF INCANDESCENCE FROM DESTRUCTION.

WINNIPEG, Man., Oct. 16.—About 11:30 last a general alarm was sounded for a fire which had broken out in the large frame occupied by Burke & Sons, printers, 14, E. Byrd, bookbinder, and several others. CARPETS:

Our full assortment for the Fall and Winter. We show by far the finest assortment in the city, and our prices are very low. Address: 100-102 Front Street, East, Montreal.

GLASGOW WAREHOUSE.

JAS. W. DUNNET.

Belleville, October, 1887.

Daily Intelligencer.

WEDNESDAY, OCT. 19, 1887.

Quiet.

The police made no arrests last night and there was no court this morning.

Immature Driving.

A case of immature driving over the lower bridge will be tried before the Magistrate to-morrow.

Rugby Foot Ball.

A meeting of young men for the formation of a Rugby foot ball club will be held at J. Parker Thomas' office to-night.

Correction.

In our report of the East Hastings price list, class D-2, year old stud colts—should read, J. C. Hickey, and Jas. B. Hickey.

MANY PEOPLE ARE

awaile night suffering from acute dyspepsia, caused by eating food in which animal chop fatting is present, and which is not able to digest. Imperial Cigar Baking Powder.

Twenty-third Anniversary.

Bishop Lewis, of Ontario, was recently presented with new vestments, secured by subscription among the clergy, in commemoration of the 25th anniversary of his consecration.

Philharmonic Society.

The Philharmonic Society rehearsed Haydn's Oration last evening. The members are making good progress and will be thoroughly prepared before the date of the concert is announced. One hundred and fifty voices are needed in the orchestra.

TEMPERATURE.

As Registered by Dr. Bell's Self-Registering Thermometer.

Tuesday, Oct. 18.

Maximum 54; minimum 33.

Barometer 30.

The Police.

The Police Commissioners met yesterday and decided to keep Officer Morton on the force permanently. Officer Cockin will be continued until the 20th Dec. Officer Cockin has done good service and the Commissioners were bothered in deciding which of the two men to continue. The Clerk and the Chief were empowered to purchase winter clothing for the force.

The Question of the Horse—When can I get a good Flavouring Extract? Ask for the Royal. They are the very best.

Gorman's Minister.

The Salem News of Sept. 8th, says of Gorman's Minister, who appeared here on Saturday 22nd: "The entire company. It is made up from members of Haverly's Original Minstrels, and therefore, a good one. The programme was bright and lively and all the specialties were given nicely. The company has, without doubt, more real talent in its ranks than either the Thatcher, Pineson and West or Westman, Hio and Fagan companies, who have been here last month, and it gives a far better performance."

Arrived.

Prof. Dorewood has arrived at Queen's Hotel. His stock of styles that he is now showing is the most brilliant assortment ever offered to a Canadian public. He has the very latest and most fashionable designs in hair goods and Ladies' Bangs, Wigs and other front pieces, long, short, straight, and wavy hair ornaments in Rhine stone, Amber, Jet and other kinds. Gents' Wigs, Toupees, etc. Remember, only by day and tomorrow, October 19th and 20th. Show room No. 1, Queen's Hotel. Open all day, evening until 9 p.m.

Electric Light.

Front Street was in darkness last night, all the illumination there was coming from shop windows. The breaking of the main shaft at the Electric Light works cut off illumination from that source. Mr. Harris has arranged with consumers to furnish gas for the next few weeks, until the new plant at the Gas works can be put in readiness. The cost of making repairs would be considerable, and there were evidently many people who were in the habit of using gas lamps on Front Street again be put in trim and the street lighted by gas, until the new works are completed.

When baby was sick, we gave her Castoria.

When she was a child, she gave her Castoria.

When she became Miss, she gave her Castoria.

When she married, she gave her Castoria.

When she had children, she gave her Castoria.

Come and live on the uplands of grace

see the vineyards sun themselves. Oh, taste
I see that the Lord is gracious. Be happy
and happy forever. For those who take a
sergent course the honey will turn to gall. For
any things I have admired Percy Shelley, the
at English poet, but I deplore the fact that
was a great sweetness to him to disabour God,
the poem "Queen Mab" has in it the malign-
of the deity. The infidel poet was impious
ough to ask for Rowland Hill's Surrey chapel
he might denounce the Christian religion.
was in great grief against God and the truth,
he visited Italy, and one day on the Medi-
anean with two friends in a boat which was

ly four feet long, he was coming toward me when an hour's squall struck the water. A rent man standing on shore through a glass saw my boat in this squall, but all about the terror except one, that in which Sheshele and I were, and his two friends were lying. That never came ashore, but the bodies of the occupants were washed upon the beach. These were put in a funeral pyre built on the beach, by some classic friends the two bodies were consumed. Poor Sheshele! He would have no God when he lived and probably had no God when he died. "The Lord knoweth the way of the righteous, but the way of the ungodly shall perish."

SCRATCHED 28 YEARS.
SCALY, ITCHING, SKIN DISEASE, WITH
ENDLESS SUFFERING, CURED BY
CUTICURA REMEDIES.

ment of sunning, my ulcers (sores), improved on my head in a spot not larger than a great pea, rapidly grew a body and under my nails. The scales grew off one all the time, and my suffering was endless without relief. One thousand dollars would tempt me to have this disease over again. I a poor man, but feel rich to be relieved of all some of the doctors said was leprosy, some syphilis, psoriasis, etc. I took . . . and . . . saparilla over a year and a half, but no cure. I went to two or three doctors, and no cure. I don't praise the CUTICURA REMEDIES too much, my hands made my skin as clear and free from trouble as a baby's. All I used of them was three

of CUTICURA, and three bottles of CUTICURA RESOLVENT, and two cakes of CUTICURA SOAP. You had been here and said you would have paid me for \$200.00, you would have had the money. I looked like the picture in your book (where you were talking about the cure to Cures in Discomfort) but now I am as clear as a crystal as I ever was. Through force of habit I rub hands over my arms and legs to scratch-itch. While, but to no purpose. I am all well. I stretched twenty-eight years, and it got to be a kind of second nature to me. I thank you a hundred times. Anything more that you want to know, write me, or any one who reads this. I will write to me and I will answer it.

Belleville, October, 1887.

Daily Intelligencer.

BELLEVILLE, THURSDAY, OCT. 27.

FOUR PAGES.

Practice of Rugby football club on Fri day afternoon at 4 p.m. All members are urged to be present.

Wright's Case.

A. F. Wright, acting without a license, acknowledged the offence, and the case was adjourned until Nov. 2nd, to enable him to take out a license.

Working Satisfactorily.

Mr. Lewis Coats, government engineer, is in the city to inspect the work of the dredge in the harbor. He stated to-day that he found the work progressing satisfactorily.

Victoria University.

It is stated that it is probable the Rev. Dr. Burwash, Professor of Theology at Victoria University, will be chosen to succeed the late Dr. Nelson as President. The selection will be made in about two weeks.

Civic Committees.

A joint meeting of the executive and by-law committees will be held this evening, provided there is a quorum. Companies of less than ten in London have smashed common meetings in days gone by.

TEMPERATURE.

As Registered by Dr. Bell's Self-Registering Thermometer.

THURSDAY, Oct. 27.

Maximum 39, minimum 30.

Barometer 30.20.

Pilgrim's Progress.

The original warrant on which John Bunyan was arrested for the imprisonment during which he wrote the first part of "The Pilgrim's Progress" has recently been found in England. It fills half a sheet of foolscap; is dated March 6, 1674, and in it Bunyan is described as a "Tyndal."

The Launch.

The Varma will run an excursion to Deseronto on Tuesday, the first of November, to witness the launch of the new steamer now building there. There will be a large number of passengers. Tickets from Trenton 40c, Belleville 40c, Northport 25c. The boat will remain at Deseronto until after the launch. T. B.

Our Own Jimmie.

The launch *Harold* says—"Mr. James Gay, postmaster, has started a library at his residence on market square. Already he has sixty-seven volumes carefully selected. Forty of these are almanacs, seven are manuscript copies of his own poems and the titles of the residue are "Oh my Back," "Rough on Rats," "Dying by Inches," etc.

Needs Repairs.

In taking the water pump to the pump house the wheel of the truck broke through the water tank on Ontario street. Temporary repairs were made by putting a plank in the hole and covering it with dirt, but that has worked out and there is now a large and dangerous opening in the street. Last night, Mr. Narrows, who lives in the neighborhood, hung a lantern in the street to warn travellers.

The Public Schools.

The severe attack of illness which Mr. McKewen has had leaves him very much prostrated, and Dr. Nash says he will not be well enough to take charge of his school until January. The School Management Committee met yesterday, and finding that no teacher could be procured in the city to fill Mr. McKewen's place, Mr. Gardiner was requested to take charge of Mr. McKewen's school, and Miss Dunlop was appointed Principal pro tem of Pineville St. School, and her division and Mr. Gardiner's were amalgamated, Mr. Gardiner's school being transferred to the Central School.

When Baby was Sick, we gave her Castoria.

When Baby was a Child, she used to Castoria.

When she became Man, she used to Castoria.

When she had Children, she gave them Castoria.

PROBABILITIES.

TORONTO, Oct. 27.—Lakes—Moderate to fresh winds, fair weather, with a little higher temperature.

Making Improvements.

Mr. G. Stirling, of St. George's restaurant, is improving and enlarging his place. A stairway is being made leading from the dining room to the flat above, where he will have eight rooms for hotel purposes.

(The City Clock.)

The city clock caught up to standard time, by a jerk, somewhere in the past twenty-four hours. At 9 a. m. to-day it was some minutes ahead of standard time, having changed six minutes since yesterday.

CHANCERY COURT.

Before Hon. Chancellor J. R.

25th October, 1887.

BATHURST vs. PATTON.—Ejectment.

This action was postponed from last sitting, and on its being brought on for trial it was held by the Judge that the proceedings were stayed by the order for security for costs which had not been complied with. The case accordingly stood over to enable the plaintiff to perfect the security for costs. The action against waste continued.

Mr. Dickson, Q. C. for plaintiff, Mr. Dougall, Q. C. for defendant.

JAMES vs. ROBERTSON.—The plaintiffs, James and Taylor, manufacturers of roofing cement at Bridgewater, bring action against Robertson & Workman, of Montreal, trustees of the estate of Hon. John Dill, for damages for non-payment and improper repair of premises leased by plaintiffs from defendants at Bridgewater.

A number of witnesses were introduced. After the first witness had been examined, at the suggestion of the learned Judge the trial was postponed till next sitting, with a reference to the amount to be paid by the defendants.

After the first witness had been examined, at the suggestion of the learned Judge the trial was postponed till next sitting, with a reference to the amount to be paid by the defendants.

After the first witness had been examined, at the suggestion of the learned Judge the trial was postponed till next sitting, with a reference to the amount to be paid by the defendants.

Daily Intelligencer.

BELLEVILLE, MONDAY, OCT. 31.

ELECTORAL CORRUPTION.

We agree with the Montreal Daily News that electoral corruption is a heinous and demoralizing practice—a crime which we are ready to condemn in our political friends as in our political opponents, and to any law which will secure its total suppression, or its reduction to a minimum, we are prepared to give a hearty approval. But we cannot agree with the suggestion that the best way to secure the abolition of this deplorable and disgusting practice is to turn the present Government out of office and replace them with an administration formed from the ranks of the Liberal party. Our reasons for dissenting from the proposition of our contemporary seem to us to be as follows: (1) The non-ardent and unscrupulous nature of the Liberal party is hardly necessary to mention in question, unless it is, by a few strokes of the pen, wipe out the facts, based on the records of the course and legislative bodies, upon which these reasons are founded.

1. The Grit party have practiced bribery and fraud on a more extensive scale than have the Conservative party. The fact that, of the Conservatives elected to the Dominion Parliament since 1867, 31 have been unseated, of whom 1 was disqualified, while of the Grits elected 45 have been unseated (four of them twice each), of whom 7 were disqualified. The same proportion will hold good as to the Ontario Legislature.

2. That bribery and other corrupt practices have been more extensively and deliberately conducted on behalf of the Grits than on the part of the Conservatives. Witness the "big push," the ballot box stuffing in Jacques Cartier; the "come-along-John" organization in London; the "mill privileges" in Lennox; the "church building" in South Huron; the \$28,000 expenditure by Patrick Cooke in North Simcoe; the flow of gold in Chantigny; the "sheep" and "cattle" buyers, the "agony strangle" and the "daring land brigade" in Lennox; the "mysterious stranger in Niagara; the refusal to open polls in Algoma; and other infamous expedients of the Grits which have never been paralleled by the Conservatives, of whose officials, however, we offer no excuse.

3. The Grits have shown their disregard for electoral purity by passing legislation in Parliament and in the Legislature, whereby offenders were relieved of the punishment prescribed by law. This they further evidenced by forcing through the Ontario Legislature a measure whereby it is provided that a member elected without being unseated under the provisions of the Bribery Act, shall be deemed to have been elected lawfully, and shall be entitled to sit in the House of Commons.

The facts above recited seem to us to be conclusive against the plea that the Grit party should be returned to power on the ground that they would abolish, or at all events minimize electoral corruption.

A FOOLISH CONCLUSION.

Commenting on the statement, in the annual report of the Ontario Bureau of Industries, that the net value of the forests in Ontario had declined from 190,527 in 1884, and 120,197 in 1888, to 82,188 in 1896, the *Globe* remarks:

This is deplorable. Our farmers are as industrious, energetic and hardworking as they were. But low prices have left them little for investment in improvements. What they could do they have done. The forests were all they had in many cases to extend the area of arable land.

Well, if prices have been low, it has been owing to the decline in Great Britain. Commercial annexation would not increase prices, which are lower in the United States than in Canada, generally speaking.

But we dispute the conclusion that low prices have been the cause, or, in other words, that the fact is so, that it is chargeable to the Forestry Department of the Ontario Government, the able and energetic head of which—Mr. H. W. Phillips—has been exerting himself, by means of exhaustive reports, and by means of which have been published in the *Globe* and nearly every other newspaper in the province, to prevent the destruction of our forests, to conserve those portions of wood land which still remain, and to induce farmers to replant portions of their farms with trees. We believe that Mr. Phillips has been doing a highly important work, and regard the statement of the Bureau of Industries as satisfactory evidence to that effect. If, however, the *Globe* persists in holding that the result of Mr. Phillips' labors is "deplorable," let it be consistent for once by referring to publish any more of his letters on forestry, and by denouncing the Ontario Government as the authors of the state of affairs which is "deplorable."

GENUINE (LIFE) LOYALTY.

It has been truly said that if you scratch a Russian you will find a Tartar beneath the skin, and it may be said with almost equal truth that if you scratch a commercial unionist you will find an annexationist.

For example, the Montreal *Herald* of the 27th inst. has one editorial headed in capital letters—COMMERCIAL UNION—UNRESTRICTED RECEIVED, and immediately below another headed, also in capital letters, "NO IMPERIAL FEDERATION."

It is useless to attempt the cure of any disease if the blood is allowed to remain impure. A denunciation and reformation are necessary to a diseased condition of the blood. A denunciation has been given by taking a few bottles of Ayer's Sarsaparilla.

The seventh annual conference of the Irish League of Great Britain opened at Cardiff on Saturday.

—L. F. Haydock, M. P. for South Leitrim, has been arrested at Mullingar on a breach of the Criminal Act.

Children Cry for Pitcher's Castoria.

EDITORIAL PRIVILEGES.

The latest Yankee "trust" is in snail's pace, the price of which article has in consequence been materially advanced. The trust organ of C. A. Kent, to benefit the Yankee export manufacturers by selling the price of the Canadian trade to those of their home business.

The results of the Colchester election are thus summarized by the *Ontario Freeman*:—
(1) What are the significant features of the result of the election in Colchester? (2) Another combination of the popular vote and the constituent vote? (3) An additional expression of confidence in the Government and a renewed declaration in favor of its policy? (4) Another combination of the popular vote and the constituent vote? (5) A demand that Confederation should be maintained? (6) A protest against the Commercial Union movement? and (7) A rebuke to the denunciations and denunciations of political libelers.

Mr. Wiman, writing to the American press the subject of "Commercial Union," says: "The result would be that by the operation of a uniform continental tariff, equal in height to that always prevailing in the United States, the goods and merchandise of all foreign countries, including Great Britain, would be discriminated against in favor of American manufacturers." The *W. W. Freeman* says that the result of the election in Colchester would be that of the Union States would not be that of the Union.

The Toronto *News*, commenting on the monopoly in the grain market in this city, says:

Commercial union would remedy this state of affairs very speedily. It is no wonder that many prominent Conservatives of this locality are ready to support any man or party who promises to do so. Judge J. B. Rogers has the same opportunity as to operating in our markets now that they could have under any circumstances. If other buyers choose to come here, provide storage accommodation and pay prices higher than are paid by the first who have monopolized the storage facilities, they could get the trade.

The Peterborough *Examiner* protests against the merchants and business men of that town giving printing to Toronto houses who send drummers about the export value of this staple would over all others forwarded from the port of Montreal. This would be a fair estimate of the value of \$4,722,901 having been shipped between May 1 and September 30. With regard to better the shipping promises to be made about last year, but no great developments have taken place, and the trade will not reach the dimensions hoped for.

(Monday Times.)
Dividend has been declared by the Bank of Montreal for the current half year at the rate of ten per cent. per annum; by the Ontario Bank at the rate of seven; by the Merchants' Bank at the rate of six; by the Bank of Toronto eight; the Bank of Hamilton, eight.

The W. F. Cochrane roller mill supply company have been incorporated with a capital of \$100,000. W. F. Cochrane, of Washington, D. C.; J. Simpson, of Chicago; and H. H. Fuller, of Toronto, are the directors. The company is the parties. The headquarters of the company will be at Hamilton.

The same company in course of formation to complete the business of the route between Boston, Halifax and Charlottetown. This route is considered to be a paying one as the steamer nearly always crowded with passengers, going to and from Boston and Canadian Maritime ports, with some passengers and cargo.

The great tariff error drawn towards it, "remarks the *Globe*, that that most inconsistent and most inconsequential of journals, then, abandoned the advocacy of commercial union—under which our tariff would be increased from 12 to 20 per cent. and removed its support of free trade, under which the tariff of 12 per cent. is maintained, but not wholly abolished, and an army of tax collectors put on the war path."

A cable dispatch states that the Unionists are about to take a leaf out of the National League's book. At the late elections the League sent to various constituencies a strong denunciation of speakers who do not do their best in turning the scale in several evenly balanced places.

The Unionists now intend to bring over examples of boycotted persons to tell their stories personally to the English public. It is also intended to import a number of Unionist speakers to the English public, and proclaim their sentiments regarding the institution of an Irish parliament in Dublin. Thus the Irish question will be argued out by Irishmen.

Taking the first three months of the fiscal year the export trade of Canada shows a remarkable increase, the total being \$308,023 as compared with \$28,254,000 for the same period last year, being an increase of \$2,544,000, of which \$1,250,000 is in goods the produce of Canada and \$1,294,000 in goods the produce of other countries. How is that for "helpless and hopeless?"

I have been a severe sufferer from Catarrh for the past fifteen years, with distressing pain and increase in the discharge. I have tried every remedy, but without success. I have been cured by Dr. J. C. Williams' Catarrh Remedy. It is a most reliable and healthful remedy. C. M. STANLEY, Montreal, Alaska, N. Y.

In Brief and to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good health.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order. Greasy food, cold, rough food, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in restoring the digestive system and making the American people so happy. That they can enjoy their meals and be healthy.

Remember—No happiness without health and happiness to the dyspeptic. Ask your druggist for a bottle. Sincerely, Dr. J. C. Williams.

Halliday's Corn Cure destroys all kinds of corns and warts, and is a most effective and reliable remedy.

Children Cry for Pitcher's Castoria.

Helpless and Hopeless.

HOW CANADA IS GOING TO THE DOOM.

(Montreal Journal of Commerce.)

Landed, Oct. 31, is evidently enjoying an active business, one leading from having orders for \$100,000 worth of goods.

The fall factory for the year, N. S., is manufacturing large quantities of soft hats, and the proportion of their hats is fast in supplying the fall trade for headgear.

A new departure in the export of flour is now taking place, as the barque Jean Kilgour is at present loading a full cargo of flour for export. The cargo will consist of about 6,000 tons.

Collected Coleman, of Seattle, the salt water fish, has it is the largest specimen yet for sale in the neighborhood of Seattle, and if the indications are satisfactory, to erect salt works on a large scale.

A number of Swedish farmers with their families have arrived in Liverpool on route for New Sweden, near Minneapolis. They are apparently farmers of a good class possessing some means. Others will follow in the spring.

It is reported that three of the lower port to colliery steamers have been chartered to load coal at Montreal, and to load grain at Montreal for direct ports in the United Kingdom at \$2 per quarter.

As a result of the visit of Mr. J. A. C. to New Glasgow it is proposed to start an extensive iron works at that place. The project is a result of the visit of Mr. J. A. C. to New Glasgow, where there are all the necessary facilities for the purpose.

The huge excavation for the Halifax dock is well advanced and about 100 feet of the concrete has been laid down. Every appliance known to modern handiwork in the conduct of large contracts is being employed, and the progress is very rapid. The coffer dam is a complete success and none of the harbor water can find an entrance into the excavation. The dock will be finished and ready for service within two years.

The Peterborough *Examiner* says that the mill to be built at that place will be used as a woolen and cotton mill. The mill will be a woolen and cotton mill.

Prince Edward Island has an export boom in all kinds of produce. Summer sales especially is doing a large business.

In a previous article on butter and cheese it was stated that the business done in the latter this year would probably eclipse that of all former seasons, but it was scarcely thought that the export value of this staple would over all others forwarded from the port of Montreal. This would be a fair estimate of the value of \$4,722,901 having been shipped between May 1 and September 30.

With regard to better the shipping promises to be made about last year, but no great developments have taken place, and the trade will not reach the dimensions hoped for.

(Monday Times.)
Dividend has been declared by the Bank of Montreal for the current half year at the rate of ten per cent. per annum; by the Ontario Bank at the rate of seven; by the Merchants' Bank at the rate of six; by the Bank of Toronto eight; the Bank of Hamilton, eight.

The W. F. Cochrane roller mill supply company have been incorporated with a capital of \$100,000. W. F. Cochrane, of Washington, D. C.; J. Simpson, of Chicago; and H. H. Fuller, of Toronto, are the directors. The company is the parties. The headquarters of the company will be at Hamilton.

The same company in course of formation to complete the business of the route between Boston, Halifax and Charlottetown. This route is considered to be a paying one as the steamer nearly always crowded with passengers, going to and from Boston and Canadian Maritime ports, with some passengers and cargo.

The great tariff error drawn towards it, "remarks the *Globe*, that that most inconsistent and most inconsequential of journals, then, abandoned the advocacy of commercial union—under which our tariff would be increased from 12 to 20 per cent. and removed its support of free trade, under which the tariff of 12 per cent. is maintained, but not wholly abolished, and an army of tax collectors put on the war path."

A cable dispatch states that the Unionists are about to take a leaf out of the National League's book. At the late elections the League sent to various constituencies a strong denunciation of speakers who do not do their best in turning the scale in several evenly balanced places.

The Unionists now intend to bring over examples of boycotted persons to tell their stories personally to the English public. It is also intended to import a number of Unionist speakers to the English public, and proclaim their sentiments regarding the institution of an Irish parliament in Dublin. Thus the Irish question will be argued out by Irishmen.

Taking the first three months of the fiscal year the export trade of Canada shows a remarkable increase, the total being \$308,023 as compared with \$28,254,000 for the same period last year, being an increase of \$2,544,000, of which \$1,250,000 is in goods the produce of Canada and \$1,294,000 in goods the produce of other countries. How is that for "helpless and hopeless?"

I have been a severe sufferer from Catarrh for the past fifteen years, with distressing pain and increase in the discharge. I have tried every remedy, but without success. I have been cured by Dr. J. C. Williams' Catarrh Remedy. It is a most reliable and healthful remedy. C. M. STANLEY, Montreal, Alaska, N. Y.

In Brief and to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good health.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order. Greasy food, cold, rough food, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in restoring the digestive system and making the American people so happy. That they can enjoy their meals and be healthy.

Remember—No happiness without health and happiness to the dyspeptic. Ask your druggist for a bottle. Sincerely, Dr. J. C. Williams.

Halliday's Corn Cure destroys all kinds of corns and warts, and is a most effective and reliable remedy.

Children Cry for Pitcher's Castoria.

The "Good Old Times."

There have been great changes in the prices of many of what have come to be called the necessities of life. In Canada the last hundred years of the whole of the growth in London, causing an enquiry to be made into the cause, which has been the cause of the high prices of tea, coffee and sugar have undergone a revolution. That period, they found that in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound. The extreme range in money per pound was 60 cents. Roasted coffee, a country average cost from 16 cents to 18 cents per pound, and in the year 1797, when the average price of tea ranged between 43 and 45 cents per pound, it was 10 cents and 15 cents per pound.
